

The LEPC meeting for November has been cancelled due to a "Stop Movement Table-Top Exercise being scheduled near the same time as our regular meeting date. LEPC members voted to attend the TTX in lieu of the LEPC meeting when it was understood that all were invited. We have been advised that the focus of the exercise is more for the Law Enforcement sector than the general LEPC membership. For this reason, please plan to attend our next scheduled LEPC meeting in December. I have included the minutes for the October meeting for your information.
